

# Focus<sup>®</sup>

## PLANT NUTRIENT SUPPLEMENT

For maximum vigor in established turf, trees and shrubs

Managing turf under the high-spec conditions required on golf courses, athletic fields and in prestigious landscape situations is a highly challenging task. Focus<sup>®</sup> Plant Nutrient Supplement is designed to overcome the challenges created by excessive traffic, intensive mowing and the leaching of nutrients from high sand-content soils — plus the usual stresses of insect infestations, diseases, temperature extremes and drought.

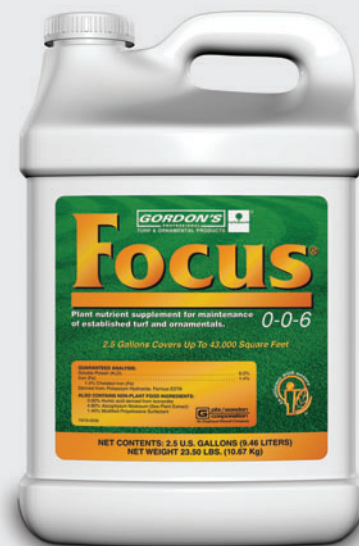

Focus is the product of extensive laboratory and field research aimed at identifying the precise ratios of humic acid and plant hormones from cold water kelp extract, plus chelated iron to maximize the vigor and recovery ability in turfgrass. Focus also contains an organo-silicant surfactant for maximum soil and leaf penetration.

Focus is a registered trademark of PBI-GORDON CORPORATION.

- Assists in achieving the utmost in turf quality
- Helps maintain vigorous growth under high stress conditions
- Formulated from the highest quality biostimulant components
- Precise component ratios uniquely formulated for liquid application

- Proven in university testing, cooperator field trials and professional use
- Contains the latest in surfactant technology for maximum soil penetration
- Enhance turfgrass vigor in shaded areas
- Triple chelated iron for a dark green color

### RECOMMENDATIONS

Focus Plant Nutrient Supplement is recommended for use in all turf management situations, especially where turf is expected to perform under high-stress conditions such as on golf greens and in other sports turf or high traffic areas.

#### GUARANTEED ANALYSIS:

Soluble Potash (K<sub>2</sub>O) . . . . . 6.0%  
 Iron (Fe) . . . . . 1.4%  
 1.4% Chelated Iron (Fe)  
 Derived from: Potassium Hydroxide,  
 Ferrous EDTA

#### NON-PLANT FOOD INGREDIENTS:

3.00% Humic acid derived from Leonardite  
 4.80% Ascophylum Nodosum  
 (Sea Plant Extract)  
 1.40% Modified Polysiloxane Surfactant

#### PACKAGING:

2 X 2.5 gallons per case:  
 shipping weight . . . . . 54 lbs.  
 55-gallon drum: shipping weight . . . . 547 lbs.
