ATTENTION:

It is a violation of Federal law to use this product inconsistent with its labeling.

This product can be used to control emerald ash borer that injure trees, shrubs and other landscape plants specified on the labeling of Gordon's imidiPRO™ Systemic Insecticide (EPA Reg. No. 42750-115-2217).

The labeling of Gordon's imidiPRO Systemic Insecticide (EPA Reg. No. 42750-115-2217) was revised on June 27, 2006, on the initiative of the registrant. Specifically, emerald ash borer was listed as a target pest to be controlled by this product.

This supplemental labeling is intended for products that have been distributed and sold or for products offered for sale to end users by wholesalers or retailers.

This labeling must be in possession of the user at the time of insecticide application.

Read the entire label affixed to the container of Gordon's imidiPRO Systemic Insecticide before applying. All Precautionary Statements, Directions for Use and restrictions presented on the container labels are to be followed.
