Turf nutrient supplement for the maintenance of established turfgrass.

FL #987

Guaranteed Analysis:

Soluble Potash (K₂O) 1.00%
 Iron (Fe) 0.36%
 0.36% Chelated Iron (Fe)
 Derived from: Potassium Hydroxide,
 Ferrous EDTA (ethylene diamine tetraacetic acid)

Also contains Non-plant food Ingredients:

Humic Acids derived from leonardite 9.00%
 Manure Extract 74.00%
 Ascophylum Nodosium (Sea Plant Extract) 1.00%
 Trimethyl Silane Surfactant 0.36%

Formulation:

LAUNCH CF is a turf nutrient supplement that includes non-plant food ingredients manure extract, cold water sea plant extract, and humic acids. These ingredients are combined with chelated iron and a surfactant to help in soil penetration. LAUNCH CF has been formulated for maximum benefits when seeding, sprigging or establishing sod.

LAUNCH CF is intended to supplement a complete fertilizer program based on soil test recommendations.

SHAKE WELL BEFORE USING

RECOMMENDATIONS FOR TURFGRASS ESTABLISHMENT:

Balanced fertilization based upon soil test recommendations is essential for new seedings, sprigging operations, and sod installation. Apply LAUNCH CF for establishing cool season grasses from seed or warm season grasses from sprigs. Soil applications of LAUNCH CF before or at seeding or sprigging are recommended. LAUNCH CF can be applied over-the-top of newly installed sod. Irrigation or rainfall (0.25-0.50 inches of water) within 24 hours after planting or sodding operation will enhance the performance of LAUNCH CF.

Use at least one gallon of water per 1,000 square feet (40 gallons of water per acre) when applying this product.

Refer to Table 1 for recommendations to establish cool season and warm season turfgrass.

Athletic Field Maintenance:

Sites such as Football, Soccer and Baseball Fields, Bowling Greens, and Golf Greens.

Apply LAUNCH CF at 32 fluid ounces per 1,000 square feet at spring green up. Repeat application every 30 days through the heavy use season and until turf has fully recovered. One or two fall applications of LAUNCH CF can be beneficial for deep root development.

Sand Based Field Construction:

Apply LAUNCH CF to new sand based greens and sport fields to enhance turf establishment and to encourage microbial activity. LAUNCH CF should be applied at the time of seeding, sprigging or sodding. A second application is recommended after 2 weeks followed by monthly applications until the soil contains sufficient organic matter to support microbial activity.

Tank Mix Compatibility:

LAUNCH CF can be tank mixed with most pesticides and fertilizers and surfactants. **Avoid mixing LAUNCH CF with strong acidic or alkaline materials. Always check all materials for compatibility before use.**

TABLE 1. RECOMMENDATIONS FOR TURFGRASS ESTABLISHMENT

OPERATIONS	Amount of Launch CF		REMARKS
	Fl. Ozs./ 1,000 Sq. Ft.	Gallons/ Acre	
New seeding or sprigging	32 Fl. Oz./ 1,000 Sq. Ft.	11 Gals./ Acre	Incorporate nitrogen, phosphorous and potassium according to soil tests. LAUNCH CF should be placed in close proximity to the germinating seeds or sprigs. A second application is recommended in 14 days.
Hydroseeding	32 Fl. Oz./ 1,000 Sq. Ft.	11 Gals./ Acre	Add LAUNCH CF to the seed, mulch and fertilizer mix. A second application of LAUNCH CF is recommended in 14 days.
Sod Installation	32 Fl. Oz./ 1,000 Sq. Ft.	11 Gals./ Acre	LAUNCH CF should be applied over-the-top of newly installed sod. After application, irrigate with approximately ½ inch of water.

LIMITED WARRANTY AND DISCLAIMER

The manufacturer warrants only that the composition of this product conforms to the guaranteed analysis given on the label, and that the product is reasonably suited for the labeled use when applied according to the directions on the label.

THE MANUFACTURER NEITHER MAKES NOR INTENDS ANY OTHER EXPRESS OR IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WHICH ARE EXPRESSLY DISCLAIMED. This limited warranty does not extend to the use of the product inconsistent with label instructions, warnings or cautions, or to use of the product under abnormal conditions such as drought, excessive rainfall, tornadoes, hurricanes, etc. These factors are beyond the control of the manufacturer or the seller. Any damages arising from a breach of the manufacturer's warranty shall be limited to direct damages, and shall not include indirect or consequential damages such as loss of profits or values, except as otherwise provided by law.

The terms of this Limited Warranty and Disclaimer cannot be varied by any written or verbal statements or agreements. No employee or agent of the seller is authorized to vary or exceed the terms of this Limited Warranty and Disclaimer in any manner.
