

ORNAMEC®

OVER-THE-TOP* GRASS HERBICIDE

For nursery and landscape use on over 500 plant species!

Ornamec® Over-The-Top Grass Herbicide provides outstanding post-emergence control of unwanted grasses in groundcovers, shrubs and trees. And the majority of the nearly 500 species and varieties of plants on the label may be treated with Ornamec applied "over-the-top"*. Some species or varieties of ornamentals require that Ornamec be applied as a directed spray in order to minimize phytotoxicity.

Where can Ornamec be used? Examples include: Evergreen and wildflower beds — to remove unsightly grass. Groundcovers — to maintain immaculate appearance. Nurseries — to remove grass in the field-grown woody ornamentals.

Ornamec takes out unwanted bermudagrass without injury to desirable tall fescue and zoysia turf.

There are over 30 grass weed species listed on the label. You'll find many common types of unwanted annual grasses: crabgrass, barnyardgrass, goosegrass, foxtail, sandbur, panicum. Also, few herbicides are as effective as Ornamec against hard-to-control perennial grasses. Quackgrass, bermudagrass and torpedograss are examples. Another is johnsongrass which is controlled in both rhizome and seedling stages.

Does not control broadleaf weeds, rushes and sedges.

Ornamec and Aqua-Zorb are registered trademarks of PBI-GORDON CORPORATION.

*See label directions for species not to be sprayed over-the-top.

OVER-THE-TOP

- *Selectively controls emerged annual grasses — panicum, goosegrass, crabgrass, foxtail, sandbur and barnyardgrass*
- *Also controls perennial grasses such as bermudagrass, quackgrass, torpedograss and johnsongrass*
- *"Over-the-top" applications on most ornamentals — shrubs, groundcovers, trees, flowers and wildflowers listed on the label*
- *May be used on and around newly-emerging ornamentals as well as transplants*
- *Treated grass ceases growth in as little as 48 hours*
- *Grass death in 1 to 3 weeks*
- *Rain-fast 1 hour after application*
- *Selective removal of bermudagrass from zoysia and tall fescue turf*

Packaged with non-ionic surfactant

RECOMMENDATIONS

Post-emergence control of grass weeds in and around groundcovers, shrubs and trees — in landscape beds, container yards and grower nursery fields.

ACTIVE INGREDIENT:

Fluazifop-P-butyl: Butyl(R)-2-[4-[[5-(trifluoromethyl)-2-pyridinyl]oxy]phenoxy] propanoate	6.75%
Inert Ingredients	93.25%

EPA Reg. No. 2217-728

PACKAGING:

12 X 1 pint per case:	
shipping weight	16 lbs.
12 X 1 quart per case:	
shipping weight	30 lbs.
4 X 1 gallon per case:	
shipping weight	39 lbs.
