All-Natural Health Supplement for Dogs and Cats

Normal digestion is a key part of overall good health. Enzymes play an important role in the complex process of digestion. **PROZYME® All-Natural Enzyme Supplement Original** formula contains a blend of four highly purified plant derived enzymes in a palatable powder form. This proprietary blend of enzymes contains sources of Bromelain (a protease), alpha-amylase, lipase and cellulase. These enzymes support the normal digestion process to break down protein, starch, fat and fiber.

DIRECTIONS: Recommended serving is 1/4 tsp. per cup of food. For animals eight years old or older, increase the serving size to 1/2 tsp. per cup of food. Please consult prozymeproducts.com for more information.

STORAGE AND SAFETY: This product should be fed as a supplement and added to your pet's normal daily diet.

Store in a dry area away from extreme heat and direct sunlight.

Some settlement may occur in shipping.

Serves 908 cups of food.
