Total Nitrogen (N) ..... 10%  
 10% Urea Nitrogen  
 Available Phosphate (P<sub>2</sub>O<sub>5</sub>) ..... 10%  
 Soluble Potash (K<sub>2</sub>O) ..... 10%  
 Sources: Urea, Phosphoric Acid, Potassium Hydroxide

**READ THE ENTIRE LABEL FIRST.  
OBSERVE ALL PRECAUTIONS AND  
FOLLOW DIRECTIONS CAREFULLY.**

Gordon's Triple 10 Liquid Fertilizer 10-10-10 is a balanced fertilizer solution made from N-P-K sources, which are essential macronutrients for plant, flower and root growth, promoting new seedling establishment and maintaining plant vigor. This product can be used on cool and warm season turfgrasses, pasture grasses, vegetables and flowers.

One gallon of product contains 1.05 lbs. of Nitrogen, Phosphorus and Potassium.

**HOW TO USE:**

**Broadcast Sprayer** – 1 gallon of product treats 6,000 sq. ft. Read and follow directions for your sprayer carefully. Know how many gallons per 1000 sq. ft. your sprayer applies and mix accordingly. Mix ratio: 1 part of Gordon's Triple 10 Liquid Fertilizer to a minimum of 5 parts water.

**Size of Area** – Multiply the length of the area by its width. This is the total square footage. Deduct any non-turf areas (house, shed, driveway etc.) One 2½ gallon container covers up to 15,000 square feet.

**APPLICATION RECOMMENDATIONS: (Home lawns, pastures)**

Gordon's Triple 10 Liquid Fertilizer 10-10-10 is a component of a fertilizer program based on soil test recommendations.

Gordon's Triple 10 Liquid Fertilizer 10-10-10	Water	Coverage
1 Gallon	5 Gallons	6,000 sq. ft.

**Mixing instructions:**

- Step 1: Add 1/2 to 2/3 of the required amount of water to the sprayer.
- Step 2: Add Gordon's Triple 10 Liquid Fertilizer 10-10-10 mixing the solution thoroughly.
- Step 3: Slowly add in herbicide with agitation. (Skip if not adding herbicide)
- Step 4: Add balance of water with agitation.
- Step 5: Apply spray solution uniformly

When tank mixing herbicides follow directions on the herbicide label. Always make sure that you use a jar test for compatibility before mixing chemicals in your tank.

For cool season grasses, the following guide may be used for the application schedule:

Number of Applications	When to Apply
2	March-April / early September
3	March-April / September / October
4	March-April / September / October / November

**APPLICATION RECOMMENDATIONS: (Vegetables and flowers gardens)**

Gordon's Triple 10 Liquid Fertilizer 10-10-10 is a component of a fertilizer program based on soil test recommendations.

Gordon's Triple 10 Liquid Fertilizer 10-10-10	Water	Coverage	When to Apply
3.35 ounces	10 Gallons	100 sq. ft.	At planting and every 7-14 days thereafter.

**STORAGE & DISPOSAL**

Keep from freezing. Do not reuse container. Destroy when empty.

**LIMITED WARRANTY AND DISCLAIMER**

The manufacturer warrants only that the composition of this product conforms to the guaranteed analysis given on the label, and that the product is reasonably suited for the labeled use when applied according to the directions on the label.

**THE MANUFACTURER NEITHER MAKES NOR INTENDS ANY OTHER EXPRESS OR IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WHICH ARE EXPRESSLY DISCLAIMED.** This limited warranty does not extend to the use of the product inconsistent with label instructions, warnings or cautions, or to use of the product under abnormal conditions such as drought, excessive rainfall, tornadoes, hurricanes, etc. These factors are beyond the control of the manufacturer or seller. Any damages arising from a breach of the manufacturer's warranty shall be limited to direct damages, and shall not include indirect or consequential damages such as loss of profits or values, except as otherwise provided by law.

The terms of this Limited Warranty and Disclaimer cannot be varied by any written or verbal statements or agreements. No employee or agent of the seller is authorized to vary or exceed the terms of this Limited Warranty and Disclaimer in any manner.
