

VEGEMEC®

VEGETATION KILLER

Kills unwanted vegetation and prevents new growth – all season long.

Vegemec® Vegetation Killer is a non-selective herbicide for season-long control of unwanted grass and weeds in cracks in concrete or blacktop parking lots, driveways, cart paths and sidewalks — anywhere that you don't want anything to grow. Vegemec can be applied along fence lines, gravel drives, patio blocks and around buildings to maintain a neat and clean look.

Vegemec is easy to use as a spray or pour-on. The unique formulation contains 2,4-D for prompt, visible effects on foliage. The white milky color makes it easy to see where the product has been applied which is very important when using a non-selective herbicide.

Vegemec is a registered trademark of PBI/GORDON CORPORATION.

- **Economical**
- **Eliminates and prevents unwanted growth**
- **Long lasting control – up to a year or more**
- **Self-marking**

PREVENT UNSIGHTLY GROWTH

RECOMMENDATIONS

For use in areas where complete elimination of vegetation is desirable.

ACTIVE INGREDIENTS:

- Prometon: 2,4-bis(isopropylamino)-6-methoxy-s-triazine 3.6%
2,4-dichlorophenoxyacetic acid. 1.0%
Inert Ingredients. 95.4%

EPA Reg. No. 33955-454-2217

PACKAGING:

- Plastic U.S. gallons: 4 X 1 per case:
shipping weight 34 lbs.
Plastic U.S. 2.5 gallons: 2 X 2.5 per case:
shipping weight 43 lbs.
